OUTSIDE DISTRICTS

WEBER COUNTY IN REPUBLICAN CAMP

Surprise of the Returns. Is the Small Vote for Kelly.

NOT ALL DISTRICTS IN YET

Those Yet to Come, However, Will Not Affect the Net Result of the Balloting.

(Special to The News.) Ogden, Nov. 9.-Returns received in almost complete state from every district in Weber county show the complete triumph of the Republican ticket. There will be few changes from the two or three districts not complete. The surprise of the result was the narnow margin by which George J. Kelly, Republican candidate for state senator, won out. Kelly was thought to be a won out. Kerly was thought to be strong man and it was expected that he would run well up with his ticket. Instead he has a majority of only 18 over his opponent, T. S. Browning. The returns as received from all over the

MORPHINE RELIEVED PAIN--THE GREAT KIDNEY REMEDY RE-STORES TO HEALTH

For the past few years I suffered greatly from what three physicians called neuralgia of the stomach. The doctors treated me without any success and I called in a fourth doctor, who pronounced my disease gall stones. I suffered intense pain and stones. I suffered intense pain and the only relief the doctor could give me was by injections of morphine. I was so completely discouraged that I had almost given up hope when a neighbor told me about Dr. Kilmer's Swamp-Root. I decided to try it and began its use at once and after taking nine bottles was completely cured, not having a spell of sickness in over

two years,
I have so much confidence in Swamp-Root that I never fall to recommend it to my friends who may have kidney trouble of any kind. I feel certain that Dr. Kilmer's Swamp-Root saved my life, why should it not do likewise to others who take it in You are at liberty to use this testi-

County Seat of Sanpete Sets a Pace Not Followed Outside.

(Special to The News.) Manti, Nov. 9 .- After laboring all night with the ballots, the judges of election throughout the several districts are far from a definite determination as to the results of the voting in this city. Aside from the probabilities pointing to a victory for Howell and Straup, the other indications are not Straup, the other indications are not conclusive. The appearances may be summed up, however, as follows: That the Republicans will get most of the county offices; that Howell and Straup received pluralities over Erickson and Richards, but not large ones; that L. M. Olson is elected to the state senate on the Democratic ticket; that the Republican candidate for the four-year term as county commissioner and the Democratic candidate for the two-year term are elected; that the Democratic justice of the peace and concratic justice of the peace and conyear term are elected; that the Demo-cratic justice of the peace and con-stable for Manti are elected. Materializing Very Slowly-Cor-

Returns from the districts outside of the city came into the office of the county clerk very slowly today, only 12 districts having been received by noon. Many of the judges in the city as well as in the county apparently did not read their instructions and disregarded the provisions of the law passed at the last session of the legislature and did not leave a duplicate return outside the official envelope. In these cases the official count will not be known until the canvassing board sits.

MAY BE CONTEST IN OGDEN.

Mechanism of Voting Machine Cause Difficulty in Thirteenth District, (Special to The News.)

Difficulty in Thirteenth District,

(Special to The News.)

Ogden, Nov. 9.—Ogden was unusually quiet on election day and very little enthusiasm was notleeable until evening, when the returns were announced. The usual large crowds of good natured, noisy people thronged the streets until nearly midnight, blowing blatant trumpets and creating all the disturbance possible. With very few exceptions, the Democratic party did not use any conveyances to carry voters to the polls while the Republicans had every available automobile and carriage moving from sunrise until the polls closed. Casting of ballots was carried on in a most orderly manner in every district of the city and the fact that there was not a single arrest during the entire time the polls were open, demonstrates very emphatically that the saloons were close. In the Thirteenth district a slight mishap occurred which may later cause a contest of the election. When Judge H. H. Henderson attempted to cast his ballot for Charles Ziemer, a Republican, and A. E. Pratt, a Democrat, the voting machine refused to work, both of the gentlemen named being on the ticket for representative in the legislature, Mr. Zeimer's name being immediately above that of Mr. Pratt, According to instructions, the machine should record any four names on the legislative ticket and when Mr. Henderson found that he could not do this, he protested to the election fudges, who gave him no satisfaction because they feared to tamper with the mechanism of the machine. This protest may furnish grounds for a contest of the election. George Folkman, who had charge of setting up the machines, examined tion. George Folkman, who had charge of setting up the machines, examined the one in the Thirteenth district later in the day after the incident with Judge Henderson, and states that he found it to be in perfect working order. He is convinced that Mr. Henderson neglected to raise the lever over one of the other legislative nominees' names, it being impossible to vote for more than four representatives.

HIS LEGISLATIVE PROGRAM

He Will Crowd as Much of It on Congress as Has the Remotest Chance of Enactment.

Washington, Nov. 9 .- Feeling keenly the blows dealt by voters to the great political party of which he is the head, President Taft returned to Washington this morning from Cincinnati where

He had no comment to make on the result and went directly to the White House, where it was stated that he probably would not break his slience concerning political affairs until after his return from Panama, whither he starts tomorrow.

Disappointed as is the president at the loss of the house of representatives the loss of the house of representatives to the Democrats his political advisers are pinning their hopes to the fact that a three months' session of the present Republican majority in both branches of Congress is about to begin. It is known that into that brief period the administration intends to crowd as much of its legislative program as there seems to be the remotest chance of enactment.

there seems to be the remotest chance of enactment.

Much of the proposed legislation, which will be urged on Congress in the president's forthcoming message, will be of a progressive character.

The new Congress and its conduct—with a Democratic house and a Republican president—will attract wide attention. The first session, which will convene in a little more than a month hence, is practically committed to tariff revision by reason of yesterday's results.

BELLIGERENTS FAIL TO SHOW.

War in Tribune's Back Yard Fails to Reach Court.

Charles R. Nichols who last night ran into the office of the Tribune where he is employed, crying out that he had been assaulted by one H. W. Dennett also employed there, failed to show up at the police headquarters today in order to get out the complaint he was so emphatic about last night.

Eye witnesses state that Nichols and Dennett feught over the election re-turns out in the alley and Nichols got the worst of the mill. Nichols says that the assault was provoked by Dennet

who called in a party of friends to as-sist him in trouncing.

Both wen are employed by the news-paper mentioned and Dennett was named by his employers for some sor KENTUCKY.

Louisville, Nov. 9.—Eight Democratic congressmen and four Democratic judges of the court of appeals elected and one congressional race close Nichols told Dennett why he didn't vote for him. Merchant Tailoring Knocked by Hand-Me-Down Clothiers Ready - Made Business Quiet an Evidence of the Supremecy of the Tailor Made Kind.

This being announced in the daily

newspapers in bold headlines, that several of the prominent local tailors are unjustly and any thing but legitare unjustly and any thing but legit-imately conducting their business. It it claimed by someone who, it ap-pears, hasn't the mannood about him to sign his name, THAT SUIT CLUBS are being conducted in a fraudient manner to secure business. THIS CHARGE IS DENIED MOST EM-PHATICALLY by the firms who names appear here. The local tailors as a means of increasing their volume of business are giving away premiums to business are giving away premiums to men who become members of their sult clubs. The dollar a week plan seems to make a hit with the public and is considered a good advertis-ing medium with the tallors. The SUIT CLUB PLAN of giving premiums direct to the consumer is, in the esti-mation of the club members, better than expensive advertising. The ready made merchants, who seem to responsible for the charge which ap peared in the Descret News are blind to the fact that they give trading stamps and premiums of all kinds in order to secure business. This is true of several of the leading business houses of our city. Assuming the false statement made by the readymade merchants to be true that a tailor made suit costs from \$15 to \$20 only further substantiates the fact that a ready-made suit could not possibly cost in proportion in excess of \$4.00. A walk down main street will be evidence of the engrmous prices asked for ready-made clothing. High rents are in a measure responsible. The books of the several tailoring firms are open to the public and their methods are above reproach. No complaints have ever been made against the tailors by members

against the thiors by members of the clubs and the premium plan is spoken of very highly by all who are familiar.
